

Save the Children.

2022 UPDATE ON SPONSORSHIP IN THE PHILIPPINES

Inside:
Tremendous
successes you're
helping make
possible!

When we work together, anything is possible.

Your gift supports ALL our sponsorship programs across the globe. We combine your donations with those of other sponsors to ensure all children benefit – creating a ripple of change for children that lasts for generations.

After a year of difficulty from the ongoing effects of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change – I never believed this more: *when we work together, anything is possible.*

Thank you for making lasting change for children in the Philippines.

The successes you'll read about inside are proof. Our local partnerships are as strong as ever, and more lasting change is happening community-wide than ever before. But even after all our successes, the need still continues.

On behalf of our staff in the Philippines and all of us at Save the Children – thank you!

With gratitude,

Janti Soeripto
President & CEO

PHILIPPINES SPONSORSHIP FACTS

A few key facts about our important work together

1981

The year Save the Children began sponsorship in the Philippines

437

Families received nutritional packs of various vegetables to combat malnutrition

213,142

Children and adults were reached directly in 2021

IMPACT YOUR SUPPORT MADE POSSIBLE

School Health and Nutrition

6,217 parents in Camana attended a series of webinars to gain awareness about hygiene, nutrition and health in order to promote and emphasize child safety as local schools opened in the area.

Early Childhood Education

24,576 parents, caregivers and children in Camana utilized learning resources and materials for games and activities to foster a safe environment in the home that supports education.

RYAN'S FAMILY HAS NEVER BEEN STRONGER!

Eleven-year-old Ryan lives in Cotabato with his mom and little brother. He's so responsible for a boy his age – that's one reason why he wants to become a policeman.

Ryan and his mom, Lendy, participated in Save the Children's Heart to HEART (Healthy, Empowered, and Responsible Teens) program.

Heart to HEART was created to bridge the gap between parents and their pre-teens by building strong connections between them and encouraging open communication about the challenges of growing up and puberty.

And the experience has been extraordinary for Ryan and his mom. Both of their eyes were opened as they learned about honest communication and emotional control. Their relationship has never been stronger.

This is the kind of restoring impact your sponsorship support makes for individuals and families. Because of your help, Ryan and Lendy are a changed family.

Adolescents' Development

780 young teens and their parents in South Central Mindanao accessed essential information about sexual and reproductive health to help prepare them for a safe transition into adulthood.

Community Education

25 children who have never attended school participated with their families in an alternative learning pilot program in Navotas City that's intended to reach girls and boys who are unable to attend school.

"I'm so grateful me and mom participated in Heart to HEART."

– Ryan

MORE IMPORTANT RESULTS!

You made so much good possible through sponsorship last year. Here are a few more important results.

123

Children in 7 schools in Malabon City participated in learning sessions about child rights, protection and the dangers of drugs

81

Mothers were empowered by 4 gender equality awareness sessions about the importance of breaking gender stereotypes

72
