Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in El Salvador through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in El Salvador and all of us at Save the Children — **thank you!**

With gratitude,

Janti Soeripto
President & CEO

*Thank you for
making lasting
change for children
in El Salvador.*

Yaquelin dreams of becoming a doctor ... you will make it possible!

Yaquelin* recently graduated from the Save the Children programs in El Salvador. But the lessons and skills she's learned are still very much a part of her life.

Through her journey, Yaquelin got involved in different health, education, and child protection activities, with the support of her mom. Yaquelin quickly became a recognized leader in her school and community. Her participation allowed her to gain leadership skills and develop a passion for children's rights, and she considers herself a defender and champion of children.

But more than anything, Yaquelin remembers all the joy she experienced and continues to experience as she sees Save the Children change children's lives throughout her community.

When she's not studying, or with her friends, Yaquelin sings and paints — in addition to playing soccer with her friends. She's also preparing to begin university studies.

Your contributions, combined with those of other sponsors, make it possible for Yaquelin and other children to achieve their goals. Thank you for believing in a better future for children worldwide.

"Save the Children programs changed my life. I've learned to dream big and be a leader to help my community."

– Yaquelin

Save the Children in El Salvador

1979

The year Save the Children began sponsorship in El Salvador

3,337

School-aged children benefited from clean water access in school in 2022

75,117

Children and adults were reached directly in 2022

IMPACT YOUR SUPPORT MADE POSSIBLE

Community Health

412 children participated in 40 Health Brigades, where they learned about the importance of hygiene, water and basic sanitation, healthy eating and self-care — knowledge that they can share with their families and entire community.

Early Childhood Development

1,097 children, alongside their parents or caregivers, successfully benefited from early childhood education programs that focused on increasing motor, language and cognitive skills.

Adolescents' Development

337 teens girls participated in Adolescent Clubs, where they learned about sexual and reproductive health and received resources that promoted self-care and the prevention of sexually transmitted diseases and teen pregnancy.

Child Protection

182 community officials received child-safety training that raised awareness and provided resources equipping them to develop safe, nurturing and gender-inclusive learning environments at schools.

*Names changed for protection.

More Important Results!

You made so much good possible last year. Here are a few more important results:

1,250 children and their families attended a forum on child safety and protection that raised awareness about violence against girls and how to prevent it.

777 school children excelled in literacy and reading comprehension by participating in weekly Education Support Clubs.

148 parents and health care workers received training and resources that promoted the importance of early childhood development.

TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without the proper uniform, pens and supplies for class."

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.

Want to know more about our programs to address the issues of poverty in the United States, inequality, conflict, climate change and more? Visit savethechildren.org/teamtomorrow or scan the QR code.
