Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in Ethiopia through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in Ethiopia and all of us at Save the Children — **thank you!**

With gratitude,

Janti Soeripto
President & CEO

*Thank you for
making lasting
change for children
in Ethiopia.*

Etsegenet dreams of becoming a doctor ... you will help make it possible!

Twelve-year-old Etsegenet* lives with her mom in a small home, made of pebbles and sand, in a rural town in Ethiopia.

Etsegenet works hard every day, helping her mom with chores around the house. And she never complains. Etsegenet likes to help out. But she also has the opportunity to go to the school supported by Save the Children near her home.

And while Etsegenet works hard at her studies, she has a special talent for entertaining others through acting, comedy, dancing and singing.

Through Save the Children programs, Etsegenet discovered her confidence. And she's passionate about giving back and helping others in her community.

When she's not studying, or with her friends, Etsegenet likes to listen to music and to entertain people.

Your contributions, combined with those of other sponsors, make it possible for Etsegenet and other children to achieve their goals. Thank you for believing in a better future for children worldwide.

"Save the Children has changed my school and entire community."

– Etsegenet

Save the Children in Ethiopia

2001

The year Save the Children began sponsorship in Ethiopia

2,295

School-aged children with disabilities were supported in school in 2022

425,444

Children and adults were reached directly in 2022

IMPACT YOUR SUPPORT MADE POSSIBLE

Community Health

13,000 children benefited from the construction of 6 bathrooms in 3 community schools. In addition, they received educational resources promoting the importance of hygiene, water and basic sanitation, and self-care.

Early Childhood Development

227 children benefited from the renovation of 6 local schools that included updating classrooms with desks and chairs, creating safe learning spaces for children and being outfitted with learning supplies.

Adolescents' Development

75 local schools supported teen girls through Girls Advisory Groups where they learned about sexual and reproductive health and received resources that promoted self-care and the prevention of sexually transmitted diseases and teen pregnancy.

Child Protection

372 parents or caregivers attended training sessions with 124 local school teachers to learn about child safety. The parents and caregivers were equipped to develop safe and nurturing learning environments at school and at home.

*Names changed for protection.

More Important Results!

You made so much good possible last year. Here are a few more important results:

28,009 children under age 5 were vaccinated and protected against preventable diseases.

12,500 newborns and their mothers received prenatal and postnatal medical services and health treatments.

34,084 displaced children received school supplies so that they could continue learning in areas affected by conflict.

TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without the proper uniform, pens and supplies for class."

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.
