smartphone*

Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in Indonesia through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

**The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.**

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in Indonesia and all of us at Save the Children — **thank you!**

With gratitude,

Janti Soeripto  
President & CEO

*Thank you for  
making lasting  
change for children  
in Indonesia.*

## Rosa dreams of teaching geography ... you will help make it possible!

Seventeen-year-old Rosa\* recently graduated from Save the Children's sponsorship program.

And while she lives most of her life alone, since her parents work so far away, she's committed to learning and continuing her education. She has a dream of one day teaching geography.

As a teen, Rosa found the sponsorship program to be crucial in her development as her body began to change. But she's the most grateful for the tremendous encouragement she was offered.

Through Save the Children programs, Rosa discovered her confidence — and grew so much. And she's passionate about chasing her dream of becoming a teacher.

**When she's not studying, or with her friends, Rosa enjoys cooking.**

**Your contributions, combined with those of other sponsors, make it possible for Rosa and other children to achieve their goals. Thank you for believing in a better future for children worldwide.**

*"I'm so grateful for sponsorship."*

— Rosa

## Save the Children in Indonesia

# 2013

The year Save the Children began sponsorship in Indonesia

# 12,392

Children excelled in reading through the Literacy Boost program in 2022

# 41,591

Children and adults were reached directly in 2022

## IMPACT YOUR SUPPORT MADE POSSIBLE

### Community Health

11,224 children and young people — including those facing disabilities — received critical health evaluations, medical care and referrals in 19 health facilities and 41 local schools.

### Early Childhood Development

519 parents and caregivers participated in Early Childhood Development training programs to learn about effective teaching and nurturing strategies they can use to help prepare their children for school.

### Adolescents' Development

1,075 teens in Sumba were guided and supported by counselors as they learned about and practiced problem-solving skills, implemented projects of change, obtained creative confidence and shared their stories.

### Child Protection

1,917 parents, caregivers and local officials participated in forums that promoted the importance of child protection and gender inclusiveness in developing a nurturing learning environment in schools and at home. The forums also provided guidance on how to prevent abuse and exploitation.

\*Names changed for protection.

# More Important Results!

You made so much good possible last year. Here are a few more important results:

2,008 children were given a forum to share their concerns and struggles in relation to child protection and safety.

43 fathers in 4 villages benefited from training that promoted healthy parenting of infants and young children.

12 new Early Childhood Education Centers were established in villages across East and West Sumba.

## TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

*"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without the proper uniform, pens and supplies for class."*

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.

Want to know more about our programs to address the issues of poverty in the United States, inequality, conflict, climate change and more? Visit [savethechildren.org/teamtomorrow](https://savethechildren.org/teamtomorrow) or scan the QR code.
