Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in Mali through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in Mali and all of us at Save the Children — **thank you!**

With gratitude,

Janti Soeripto
President & CEO

*Thank you for
making lasting
change for children
in Mali.*

Bintou dreams of becoming a doctor ... you will help make it possible!

Twenty-year-old Bintou* believes Save the Children programs are why she's able to chase her dream of becoming a doctor.

Bintou lives with her sisters and is currently attending university at the school of health. It's not easy ... Bintou has to walk for miles every day to attend class. And any time she loses hope, she remembers how much the programs taught her and empowered her.

Bintou looks forward to completing university so she can help support her parents and her community — creating the kind of change she experienced through Save the Children.

When she's not studying, or with her sisters, Bintou enjoys spending time with her friends.

Your contributions, combined with those of other sponsors, make it possible for Bintou and other children to achieve their goals. Thank you for believing in a better future for children worldwide.

"Save the Children was such an encouragement to me."

– Bintou

Save the Children in Mali

1988

The year Save the Children began sponsorship in Mali

1,246

Teachers trained to support the wellbeing of children in 2022

102,754

Children and adults were reached directly in 2022

IMPACT YOUR SUPPORT MADE POSSIBLE

Community Education

426 children who are discriminated against in hard-to-reach areas received school supplies, reading material, mathematics resources and other support that's helping them to continue learning at home.

Community Health

6,139 children in Kignan and Niéna received increased access to health services as well as medical evaluations and treatment that helped them fully recover from acute malnutrition.

Adolescents' Development

1,976 teens participated in youth-led forums where they discussed their concerns about child safety and protection — as well as discovered their voices as they spoke out against discrimination and inequality.

Community Engagement

5 women's groups received income-generating training and support that resulted in them earning \$8,000 in profit. They can use these resources to benefit their children, families and entire community.

*Names changed for protection.

More Important Results!

You made so much good possible last year. Here are a few more important results:

177 students completed and achieved high scores on their examinations after receiving educational support.

436 school-aged children have been able to safely return to school after schools were closed for security reasons.

250 teachers and educational leaders were energized after pushing legislation that will protect children and learning during times of conflict.

TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without the proper uniform, pens and supplies for class."

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.

Want to know more about our programs to address the issues of poverty in the United States, inequality, conflict, climate change and more? Visit savethechildren.org/teamtomorrow or scan the QR code.
