Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in Mexico through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in Mexico and all of us at Save the Children — **thank you!**

With gratitude,

Janti Soeripto
President & CEO

Abigail wants to join Save the Children when she grows up!

Ten-year-old Abigail* lives with her mom, dad and sister in a three-bedroom home in the state of Yucatán. She has five dogs and six puppies, eight roosters and chickens and seven ducks — and she loves each and every one of them!

Save the Children programs have encouraged Abigail, inspired her and given her the opportunity to explore different hobbies and to learn new skills. She paints and sings, plays soccer and volleyball, and appreciates how Save the Children has helped support her and her community.

Abigail has benefited from Save the Children programs in so many ways. She learns about the importance of health and wellbeing — and she's also learned about the importance of education. Abigail is simply thriving.

When she's not studying, or with her friends, Abigail enjoys helping her mom with chores ... especially feeding the chickens.

Your contributions, combined with those of other sponsors, make it possible for Abigail and other children to achieve their goals. Thank you for believing in a better future for children worldwide.

"I love Save the Children so much; it helps my community."
— Abigail

IMPACT YOUR SUPPORT MADE POSSIBLE

School Health and Nutrition

319 children benefited from the installation and promotion in local schools of child-friendly spaces where they're able to have their mental and emotional needs met in a safe environment.

Community Education

5,202 children have more access to important reading and learning materials, as 5 community libraries were outfitted with new books, computers, fun educational games and furniture.

Community Health

927 children are being protected with the construction and refurbishment of 15 public bathrooms and wash stations, and with resources that promote handwashing and other important hygiene practices.

Community Engagement

438 children, parents and caregivers participated in 6 community-based forums that promoted child protection and safety and that equipped parents to foster a nurturing learning environment in the home.

*Names changed for protection.

More Important Results!

You made so much good possible last year. Here are a few more important results:

927 children had greater access to essential health services after 2 local health facilities were equipped with medical supplies.

632 Mayan-speaking children received books and learning materials in their native language to encourage their learning.

43 teachers from local schools were trained in first aid to ensure they're equipped to respond in emergency situations.

TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without the proper uniform, pens and supplies for class."

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.
