Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in Uganda through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in Uganda and all of us at Save the Children — **thank you!**

With gratitude,

Janti Soeripto
President & CEO

*Thank you for
making lasting
change for children
in Uganda.*

Gero dreams of becoming a politician ... you will help make it possible!

Twelve-year-old Gero* lives with his grandparents on a farm in Wakiso.

Gero works hard to help his grandparents every day with all the chores. But by 6:30 in the morning, he starts to walk to school to ensure he's on time for class. Gero wants to make sure he never misses a day of learning.

Today, Gero looks forward to his reading classes. And he appreciates all the books, pens and papers that have been provided through your support.

By participating in Save the Children programs, Gero is growing more confident in himself. And he's most proud about how he's excelled in his education.

When he's not studying, or with his friends, you can find Gero helping his grandparents work on their farm.

Your contributions, combined with those of other sponsors, make it possible for Gero and other children to achieve their goals. Thank you for believing in a better future for children worldwide.

"I want to make decisions that will help my community."

– Gero

Save the Children in Uganda

2014

The year Save the Children began sponsorship in Uganda

6,987

School-aged children benefited from malnutrition intervention in 2022

84,364

Children and adults were reached directly in 2022

IMPACT YOUR SUPPORT MADE POSSIBLE

Community Education

60 health care professionals from 14 local health facilities were trained and equipped in reproductive health and family planning services. This training has increased their ability to serve new and expecting mothers.

Early Childhood Development

55,176 children under the age of 5 received critical immunizations and other medical care (like deworming) to help protect their lives and wellbeing from preventable diseases.

Adolescents' Development

15,660 teens received training, support and important resources about menstrual health management and sexuality to help them feel safe and encouraged with a healthy transition into adulthood.

Child Protection

122 children participated with their parents or caregivers in a child-protection symposium where they could share their concerns about violence against children and the need to protect children's rights.

*Names changed for protection.

More Important Results!

You made so much good possible last year. Here are a few more important results:

1,531 children were protected from diseases by having refurbished or newly constructed latrines available in local schools.

2,288 teens participated in training seminars that promoted financial literacy and responsibility.

16 new local, community libraries were constructed and outfitted with learning materials for children and families.

TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without the proper uniform, pens and supplies for class."

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.

Want to know more about our programs to address the issues of poverty in the United States, inequality, conflict, climate change and more? Visit savethechildren.org/teamtomorrow or scan the QR code.
