Together, we're giving children the chance to experience a better tomorrow!

I hope you'll be as inspired as I am by the difference you help make possible in Zambia through your support.

Whether we're working to overcome the ongoing impacts of COVID-19, the dangers of war and conflict, and the devastating impacts of climate change — or ensuring every child has equal access to the future they deserve — your generosity helps make a better tomorrow possible!

The successes you'll read about inside are proof. Our partnerships are as strong as ever, and more lasting change is happening community-wide than ever before.

But even after all our successes, the need still continues. That's why we're so grateful each day for your support.

On behalf of our staff in Zambia and all of us at Save the Children — **thank you!**

With gratitude,

A handwritten signature in blue ink, which appears to read 'Janti Soeripto'.

President & CEO

*Thank you for
making lasting
change for children
in Zambia.*

Naomi dreams of becoming a nurse ... you will help make it possible!

Eighteen-year-old Naomi* lives with her parents and five sisters on a farm in the Copperbelt province of Zambia.

Before her experience with Save the Children, Naomi was so quiet. She hardly ever spoke. And she struggled with learning. That's why Naomi gained so much by participating in child rights clubs — and other education programs — where she discovered her voice!

Today, Naomi is continuing her education, pursuing studies in medicine so that she can one day become a nurse.

Through Save the Children programs, Naomi found her confidence. And she's most proud about how she's grown in her public speaking ability.

When she's not studying, or with her friends, you can find Naomi playing soccer or helping her family do their chores at home.

Your contributions, combined with those of other sponsors, make it possible for Naomi and other children to achieve their goals. Thank you for believing in a better future for children worldwide.

"Save the Children is the best program because it helps children realize their potential."

– Naomi

Save the Children in Zambia

2012

The year Save the Children began sponsorship in Zambia

12,000

Children were assisted with distance learning support in 2022

188,517

Children and adults were reached directly in 2022

IMPACT YOUR SUPPORT MADE POSSIBLE

Early Childhood Development

19 schools received refurbished or reconstructed washing facilities and latrines, along with important hygiene training that will help protect children from preventable diseases.

School Health and Nutrition

58,278 parents and caregivers were trained on the importance of health, nutrition and personal hygiene — while also receiving nutritious foods and ingredients to help them at home.

Community Education

70 schools were assessed and equipped with inclusion resources that promoted equal access to education and helped remove barriers to learning for children with disabilities.

Child Protection

48 children from 24 local schools participated in child protection camps, where they raised concerns about child safety issues in their schools — receiving guidance and training on how to address the concerns.

*Names changed for protection.

More Important Results!

You made so much good possible last year. Here are a few more important results:

2,843 children excelled in Catch-Up learning programs, enabling them to move up to grade-level learning.

121 community leaders were trained in child protection and safety services that promoted child rights.

80 parents and caregivers were empowered to better address and promote gender equality in their homes and communities.

TEAM TOMORROW

Learn more about making a better tomorrow possible for children ... starting today!

Eleven-year-old Nisha in Nepal is no stranger to the devastating effects of climate change.

Extreme heat followed by unseasonable rains spoiled her family's crops and diminished their only food source. Nisha and her family struggled tremendously.

"My parents had to buy expensive rice because our crops were destroyed. They were unable to provide necessary school supplies and a uniform for me. It is difficult to go to school without proper uniform, pens and supplies for class."

Thanks to supporters like you, Nisha is benefiting greatly from programs that protect her rights, health and education — giving her equal opportunity to experience a better tomorrow and a brighter future.
